

4 December 2023

Dear Parents and Carers,

Welcome to United Learning.

Since the decision of the Midland Academies Trust board to transfer George Eliot Academy, Hartshill Academy, Nuneaton Academy and Heath Lane Academy to United Learning, we have been working closely with colleagues in all four schools to ensure a smooth transition into the group.

The legal transfer was successfully completed on 1st December and we are very pleased to be able to welcome the school communities formally into our group.

Over the past few months, we have had the chance to get to know all four schools and identify how we can best support them in future, and we want to pay particular tribute to staff for their time and support throughout this process. We have enjoyed working with many colleagues across the schools thus far and look forward to building on these relationships over the coming months and years.

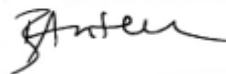

We know how important the schools are to students, staff and families. Our priority will be to help staff strengthen everything that is so valued across the schools and to ensure they are able to benefit from the support of a larger, established group as they look to secure the best education for students. We also hope to create many opportunities for students to meet their peers at other United Learning schools and to benefit from experiences no single school could offer alone.

Thank you for your support of the schools and your child's education. It is a pleasure to be able to welcome you to United Learning and we very much look forward to a positive future.

With best wishes,

Sir Jon Coles
Chief Executive

Ben Antell
Director of Secondary Academies
