

WATES CONSTRUCTION: HARTSHILL SCHOOL NOTICE

Notice of Impending Works

Good afternoon. Happy new year from all at Hartshill, I hope you are all had a relaxing Christmas with your friends and family. I am writing to you today to just forewarn you of the impending works on site. As previously advised we are continuing the ground floor slab concrete pours. We are now halfway through this and thank you for your patience thus far. The final two dates for the remaining pours have been booked in and I just want to confirm the arrangements for those days.

- Pour 3- Wednesday 18th January
- Pour 4- Monday 30th January

Schedule

- 6.30 am to 7am: Concrete Pump Arrives
- 7am to 7.30am: First concrete delivered to site which will be followed by a further 22 deliveries
- Pour aiming to be complete by 8pm dependant on concrete supply

It has been agreed with the school that vehicle movements will be allowed between the hours of 8 and 9am and the 3-4pm restriction will be reduced to 3.15 to 3.45pm. As part of this agreement Wates will have at least 2 managers and our groundwork contractor will have at least 2 operatives on the front gate during the normal restriction hours to help marshal vehicles, the children and the general public. No wagons will be allowed into or out of site between 3.15 and 3.45pm as this is the busiest period in the day. These works have been meticulously planned with the school and local residents.

From all of us at Wates we would like to that you for continued understanding and support. We will continue to do our utmost to limit the disruption to yourselves and the local community

All the best
